

Pickering Transport Group

Compliance Officer – Buronga (Mildura)

Role:

As a key member of our team driving safety, compliance and quality you will drive continuous improvement through our accreditation and regulatory compliance processes and outcomes across our operations.

Responsibilities:

You will be responsible for administering our road transport compliance and accreditation systems, including:

- National Heavy Vehicle law and associated regulations.
- State based 'road laws'.
- Dangerous Goods laws.
- National Heavy Vehicle Accreditation Mass, Maintenance and Basic Fatigue Management.
- HACCP / WQA.
- Retail Logistics Supply Chain Code of Practice.
- Various customer specific accreditations.

The Ideal Candidate:

- Enthusiastic and organised approach to work, with a can do attitude.
- Excellent written and verbal communication skills.
- Ability to influence others and communicate at all levels of the business.
- Qualifications in quality auditing is highly desirable.
- Experience in process improvement is highly desirable.
- Experience in the heavy vehicle road transport context is highly desirable.

About us:

The Pickering Transport Group is a family business positioned as one of Australia's leading professional carriers. We provide a broad range of general, container and refrigerated road transport and distribution services for customers across Victoria, South Australia and New South Wales.

Remuneration:

An attractive salary commensurate with your skills and experience will be offered.
