## Pickering Transport Group's FreightSafe Warranty Program

At Pickering Transport Group we are focused on ensuring that our service delivery standards are in line with what our customers expect. In the event that there is an isolated incident where Pickering Transport Group, or its agents, experiences a service failure that results in the loss or damage of your goods, we are able to provide a guarantee over our service through the **FreightSafe Warranty Program**.

This Program aims to protect our customers in the unlikely event of loss or damage at a very competitive rate, with guaranteed quick claim settlement and no excess applied to the amount claimed. The FreightSafe Warranty, which is applied to all consignments at a rate of \$8.50 Ex GST, offers you up to \$1,500.00 of cover per consignment.

Furthermore, all claims will be managed by a professional 3rd party claims administrator, FreightSafe, who have been managing claims for over 17 years. A copy of the terms and conditions of the FreightSafe Warranty are attached for your information.

If you do not wish to have your freight covered against loss or damage by Pickering Transport, you must return the attached form and acknowledge that all goods are transported at your own risk.

Importantly, please note that this offering is not a substitute for marine insurance, and any further advice you require regarding your insurance needs, should be sought by an authorised insurance broker.

We hope you see the benefit in the above offering and we look forward to our long-standing relationship.
